Nea Onnim is an Adinkra-Symbol and means "He who does not know." It is from the Akan proverb, "Nea onnim no sua a ohu," which translates as, "When he who does not know learns, he gets to know." It is a symbol of knowledge, life-long Education, and continued quest for knowledge.

About us

The association was founded in December 2024 by committed parents and employees of the German International School Accra. GISA is one of 136 recognised German schools abroad.

Our goal is to support the school in fulfilling its educational mission and providing the children with the best possible education and support. Especially in times when public funds are becoming increasingly scarce, this requires joint efforts by the school community.

The aim is also to win over former parents, students and employees of the GISA or former Swiss school for the association and thus to support the school.

Current Board of Directors:

Thorsten van Honk
Robert Lüdtke
Andrea Kurta
