

Ghana Mountaineers

Junior Mountaineers

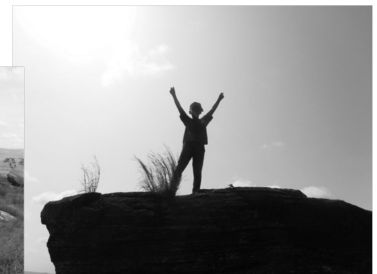

By joining the Ghana Mountaineers - Junior Mountaineers Club we offer kids from age 8 the opportunity to be active outdoors and to learn skills that will enable them enjoy the active outdoor life.

There will be a mix of outdoor skills that will be first taught and practiced in Accra and then applied in the real outdoors. Activities are setup in half-year schedules, usually on Saturdays.

Each half year includes three skills trainings in Accra and three practical skills hikes and will end with a camping weekend in the bush where the kids can prove what they have learned.

Programm 2024-2
