**North Ridge Cafe and Bistro (NRC) opened in 2023 and represents the positive vision to bring different communities together in a stimulating and fulfilling way through food, environment, and arts. Our menu draws heavily on Eva's cosmopolitan upbringing in Italy, Ghana, and the UK. It offers a range of delicious and adventurous afro-fusion dishes and bespoke catering to meet specific tastes and events when booked in advance. Similarly, our environment, while being informal and relaxed, encourages the opportunity for interactions between our visitors through both regular organised events and unique art displays - something that we will expand upon soon.**
